

Job Title: Procurement Manager

Location: Hindupur

Company: Eterno Housing Pvt Ltd (Smart Agro)

Job Summary: Smart Agro is seeking a dedicated and experienced **Procurement Manager** to oversee sourcing, negotiation, and supply chain management for our agro-realty and high-end timber production projects. The ideal candidate will ensure that procurement processes align with our mission of ecological integrity and cost-effectiveness.

About Company: SmartAgro by Eterno Housing Pvt Ltd is an agro-realty company headquartered in Bangalore, India. It was established with a vision of coupling the power of agro-realty with high-end timber production to result in maximized returns for its investors. SmartAgro operates with the sole goal of creating maximum profits for customers who have channeled their investments into our projects while maintaining ecological integrity.

Head Office @ Bangalore : #2471, 2nd Floor, 10th cross, Sahakarnagar, Bengaluru – 560092

Key Responsibilities:

1. **Strategic Procurement:**
 - Develop and implement procurement strategies for raw materials, equipment, and services.
 - Source high-quality products and agro-related inputs from reliable suppliers.
 2. **Supplier Relationship Management:**
 - Identify, evaluate, and establish relationships with local and international suppliers.
 - Conduct supplier audits to ensure adherence to quality and sustainability standards.
 3. **Cost Optimization:**
 - Negotiate contracts to secure the best deals without compromising quality.
 - Monitor market trends to forecast material costs and manage budgets effectively.
 4. **Compliance and Sustainability:**
 - Ensure all procurement practices comply with legal and environmental standards.
 - Promote sustainable sourcing practices to align with SmartAgro's ecological goals.
 5. **Inventory and Logistics:**
 - Coordinate with logistics teams for timely delivery of materials to project sites.
 - Maintain optimal inventory levels while minimizing waste and surplus.
 6. **Team Collaboration:**
 - Work closely with all managers, sales, and operational teams to understand requirements.
 - Lead a small team of procurement specialists if necessary.
-

Qualifications:

- Bachelor's/Master's degree in Supply Chain Management, Business Administration, Agriculture, or a related field.
- 2+ years of experience in procurement, preferably in agro-realty, agriculture, or timber industries.
- Strong negotiation, Communication and analytical skills.
- Familiarity with ERP systems and procurement software.
- Understanding of sustainability practices in procurement is a plus.
- Problem solving, decision making, Risk management, research and analysis
- Project team leadership
